— Papayiannis Bros S.A.

Our company

"PAPAYIANNIS BROS S.A." was founded in 1949 in Larissa, Central Greece by the brothers Vasilis & George Papayiannis. It was – and still remains – a family enterprise, producing mainly Tahini & Sesame halva, a traditional sweet of the Levant hugely popular in the whole Mediterranean region.

3rd generation business and the family values transmitted from one generation to the next became the guide of this 69 year long journey. Maintaining the character of the family business, while the company develops in this changing business environment, is one of our main challenges.

We have presence in 34 countries around the world, which translates into 35% of our total revenue.

Private Label

Many of our products are sold under private label brands.

Consider this the real proof of our customer's trust in our winning combination of quality and competitive prices.

Since 1992 our company has been developing a range of certified organic products.
